

CAMERA-READY INSTRUCTIONS

Research Track & PhD Symposium Track

FAIEMA 2026

4th International Conference on Frontiers of Artificial Intelligence,
Ethics, and Multidisciplinary Applications

L'Aquila, Italy | 9–11 September 2026

Publication: Accepted papers will be published in the Springer series *Frontiers of Artificial Intelligence, Ethics and Multidisciplinary Applications* (subject to final Springer checks).

1. Formatting Requirements

- Strictly follow the Springer LNCS single-column template.
- Templates and detailed guidelines are available on the conference website and on the official Springer LNCS webpage.
- **De-anonymize the paper: add the full author names, affiliations (city and country), e-mail and ORCIDs (if available). Clearly identify the corresponding author.**

Length requirements

- Maximum: 17 pages, including the abstract, figures, tables, and references.
- Up to five additional pages may be purchased at €50 per page. Indicate this during registration.
- Minimum: 5,000 words, excluding the abstract and references.
- Incorporate reviewer comments where appropriate.
- Disclose any use of generative AI tools in accordance with COPE guidelines.
- Follow Springer's ethical responsibilities for authors.

2. Files You Must Upload

Submit the following files. The alt-text form is optional, but recommended when the paper contains figures or tables.

1

Camera-ready paper (PDF): Upload the final version that complies with all formatting, length, and content requirements above.

2

Paper source

- **Microsoft Word:** upload the .docx file.
- **LaTeX:** upload a .zip archive of the complete project folder, including all .tex and .bib files, images, style files, and other required assets.

3

License to Publish (PDF)

- Download the [License to Publish](#) form from the conference website.
- Only the corresponding author should complete and sign the form on behalf of all co-authors.
- Convert the signed document to PDF and upload it.

4

Alt-text form (Excel [optional])

- Recommended when the paper contains figures or tables.
- Download the [Alt-text Excel](#) template from the conference website.
- For every figure and table, provide the number, caption, and alt text. The caption itself may be used as the alt text.
- Upload the completed Excel file.

3. How to Upload in EasyChair

1. Log in to EasyChair using the **Author** role for FAIEMA 2026.
2. Open your accepted submission and click **View**.
3. Click **Add or upload files**.
4. Upload the files listed above. Use clear file names, for example: PaperID_CameraReady.pdf, PaperID_Source.zip (or as word), PaperID_License.pdf, and PaperID_AltText.xlsx.

4. Presentation & Registration

- At least one author must register at the Author rate.
- Authors of accepted papers are expected to present their work at the conference. Presentation guidelines and registration details will be published later.

Questions? Contact the organisers through the conference website or via EasyChair.
